Of unusual interest to every reader of this paper, is the announcement made elsewhere in this issue, by the St. Louis Globe-Democrat, unquestionably the reatest of American newspapers. The mail subscription price of the Daily and Sunday Globe-Democrat is reduced at one blow, from twelve to six dollars a year, placing it within the reach of all who desire to read any daily paper during the coming great national campaign. The Weekly Globe-Democrat remains at one dollar a year, but is issued in semi weekly sections of eight pages each, making it practically a large semi-weekly paper. This issue is just the thing for the farmer, merchant or professional man who has not the time to read a daily paper but wishes to keep promptly and thoroughly posted. It is made up with especial reference to the wants of every member of the family, not only giving all the news, but also giving a great variety of interesting and instructive reading matter of all kinds. WHAT IT MEANS TO BE PRESIDENT.

Ex-President Harrison's next article in his series in 'The Ladies Home Journal' will tell what it means to be President of the United States. He will outline the President's power, his duties and how he discharges them; the trials and annoyances to which he is put, and show what the central idea of the President is and how he tries to carry it out. General Harrison also explains what relation each Cabinet officer holds to the President, and tells of his own relations with his Cabinet when he was President.

EVENTS OF THE COMING YEAR.

The coming year will be a period memorable in the history of the world, but it is a part of the plans of the United States government and European nations is carried out. In the United States there will be the liveliest presidential campaign ever held, and the Fifty fourth Congress, now in session, will furnish exceedingly interesting debates on the tariff and financial questions until June. There will be several exciting state elections and many great political speeches. Everyone will watch with interest the progress of the Venezuelan Commission's inquiry, the results of the wars in Cuba, in South Africa, in Turkey, and the outcome of the other complications now arising in the Old World.

It is a remarkable coincidence that at the beginning of the year of such rich promise of stirring news the greatest metropolitan newspaper in the United States—The St. Louis Republic—should reduce its price to \$6 a year, or to less than two cents a day. This low price now places The Republic within the reach of everyone. Those who wish to keep posted on politics, trade, national and international affairs during 1896 should at once subscribe for it on these easy terms, in addition to taking your own local paper.

Newspaper readers who may think they cannot afford to take a metropolitan daily paper should at least subscribe for the "Twice-a-week" Republic—104 papers a year—for only 1 a year. It contains the best of everything that appears in the daily.

THE FARM JOURNAL.

This is the leading monthly farm paper in the United States with over a million and a half of readers. It is a boiled down hit the nail on the head paper that pleases everybody. It circulates everywhere, and is adapted to the needs of rural and village people from Maine to California, and from Montana to Florida, devoted to live stock, the dairy, poultry, the garden, the orchard, the young folks, and pleases the women folks all to pieces. It is practical, earnest, honest, clean and progressive, with no ax to grind, no hobby to ride. It is for the farmer and villager first, last and all the time. No partisan politics in it. If you do not know the paper, and have never seen it, write to Farm Journal, Philadelphia, Pa., and a copy will be sent you. No money. Or you can see a copy at our office. Our word for it you ought to take this the biggest paper of its size in the United States.
